TO WHOM IT MAY CONCERN

I have been working for five years as an independent researcher at the National Archives in Kew, and am included in their list of recommended researchers.

I was asked by Mr Graham Daniels to locate the following Letters Patent relating to the appointment of Governors of South Australia:

Dame Roma Flinders Mitchell (23.1.91)  
Sir Eric Neal (July 1996- 3.11.01)  
Marjorie Jackson-Nelson (9.10.01 - current)

A search was made in the relevant class (C66). There were Letters Patent for dates just before and just after these dates, but there were no Letters Patent relating to the above appointments.

Yours faithfully,

  
TINA HAMPSON
